<sup>1</sup> The table does not show the return of 2 retired Regular Army officers to active duty in November 1940. The grand total under the column "Regular Army" may be augmented by 126 officers on duty as of 30 June 1939; thus, 2,120 plus 2 and 126 would indicate that 2,248 officers were ordered to active duty during the period. The table contains "official" data, but it does not reflect the data which were compiled and used within the War Department during the war period as are described in the text; furthermore, data are shown which were not available from other sources.
